

# LIFETIME GUARANTEE

## THE MOST SUSTAINABLE PRODUCT IS THE ONE YOU ALREADY OWN

The DYNAFIT Lifetime Guarantee is our quality and sustainability promise to you. In addition to the best possible support for athletes with gear and apparel, DYNAFIT is focusing actively on the conservation and protection of the outdoors and resources with the expanded Lifetime Guarantee. Above and beyond the legally required guarantee of 2 years, DYNAFIT promises for its products a limited product guarantee of 10 years based on the life of the product. For you, this means you can fully rely on the fact that products from DYNAFIT will maintain their original performance for a period 10 years or they will be repaired/refurbished to that state.

All you need to do is register your products on the DYNAFIT website to be able to take advantage of this benefit: [www.dynafit.com/de-de/productregistration](http://www.dynafit.com/de-de/productregistration)

## THIS IS HOW THE DYNAFIT LIFETIME GUARANTEE\* WORKS

Every DYNAFIT product offers a legally required 2-year warranty, during which the brand covers all costs for repair, replacement, or refurbishment. If a product is registered online within 12 months of purchase, DYNAFIT extends that warranty for free repairs or replacement an additional 3 years. After the expiration of these five years, DYNAFIT then offers an additional 5-year guarantee on its products. In this case, the customer will cover the costs of repair. Customers who do not register their products also receive a Care & Repair Guarantee for an additional 8 years after the 2-year legally required guarantee but must cover the costs.

\*not covered by the new Lifetime Guarantee are base layers, liners, accessories, trail running shoes, and mountaineering boots. The guarantee does not cover normal wear and tear (e.g., the soles of ski touring boots, apparent incorrect usage, or willful damage to a product).
